PROFESSIONAL SUMMARY

Full-stack software engineer with 4+ years building and shipping customer-facing enterprise software. I work across the stack. I enjoy owning features from the design stage all the way through deployment. I do my best work in product-driven teams, and I bring solid mobile development skills (React Native, Expo) for cross-platform work.

SKILLS

Languages & Frameworks: JavaScript, TypeScript, Python, C#, HTML5, CSS3, SQL, React, React Native, Expo, Node.js, Express, Bootstrap

Tools & Platforms: Git, GitHub Actions, Docker, CI/CD, REST APIs, Socket.io, PostgreSQL, Figma, UI/UX Design, Proxmox

WORK EXPERIENCE

AccountingWare

Software Engineer (promoted 2023)

Jun. 2023 – Present | Remote

- Owned the full redesign of the main customer-facing dashboard, from early discovery and UX through implementation, across our enterprise customer base.
- Upgraded self-service portal used daily by thousands of end users, working across the full stack and taking ownership of new features.
- Helped set the team's bar for UI/UX design, steering design of new features, and improving existing processes.

Project Developer

Apr. 2021 – Jun. 2023 | Lubbock, TX

- Built and maintained integrations with third-party and internal REST APIs to support customer-specific product requirements.

Midland Christian School

Jul. 2017 – Apr. 2021

IT Support Specialist

Midland, TX

- Managed campus IT infrastructure (network, server hardware, VOIP, access control, 10+ digital signage installations) and automated recurring tasks through custom scripts and internal web tools.

PROJECTS

Taco Rummy

In Development

React Native, Expo, TypeScript, Node.js, Socket.io, PostgreSQL, Docker, GitHub Actions | tacorummy.com

- Cross-platform multiplayer card game (iOS, Android, web, and Discord Embedded Activity) built on a shared TypeScript game engine, Node.js/Socket.io server, and PostgreSQL backend. Containerized with Docker and self-hosted on a Proxmox cluster.
- Architected a full CI/CD pipeline via GitHub Actions (typecheck, unit tests, Playwright E2E, Docker image builds) with automated zero-downtime deployments to a self-hosted runner; mobile releases via Expo EAS.

EDUCATION

Texas Tech University

May 2023

B.S., Computer Science | Minor in Mathematics

Saddle Tramps | President, Secretary, Head of Public Relations

Dec. 2020 – May 2023

- Served as President of a 70+ member student spirit organization, worked directly with university leadership, and grew membership 30%+ through targeted recruitment.

CERTIFICATIONS

Meta – React Native Specialization

Dec. 2025

Six-course specialization covering cross-platform mobile development, React Native, UI/UX design, and working with data, with a capstone React Native app.
